

# Tutor Resources

## 2018-2019

*Although we encourage students to utilize the academic support resources we offer them at Sehome High School, we recognize that they may desire additional academic assistance from outside our school. The following list of community tutors is being made available to individuals interested in seeking supplementary academic support in addition to our normal resources. This list is comprised of individuals who have contacted the Sehome counseling staff to make their services known. Sehome High School does **not** endorse these individuals, but has simply agreed to make available a master list of tutoring resources to interested individuals.*

### **Sehome Learning/Tutoring Center**

Available to all Sehome students M-Th in the library after school. This is free tutoring provided by students from Western Washington University, community members, as well as some of our top students from Sehome. Online sign up for one on one tutor match via Sehome Homepage/Students/Learning Center tabs.

### **Jill Seager** (541-)622-3623 [bellinghamathtutor@gmail.com](mailto:bellinghamathtutor@gmail.com)

I have a Masters of Education, a Bachelors of Science in Civil Engineering, a Washington State Professional Teaching Certificate to teach mathematics to students in grades 5-12 and have taught math at both the middle and high school levels in the Ferndale School District since 2003.

### **Linda Finch** 477-5519. [tfinch@comcast.net](mailto:tfinch@comcast.net)

Tutoring and homework help in middle school and high school Pre-Algebra; Algebra; Geometry. An experienced, recently retired math teacher. I can take the confusion out of learning and understanding math so your student is ready for more advanced levels. \$25/hourly session

**STEM Tutoring** (360) 588-6760 [tutoringstem.com](http://tutoringstem.com)

Cindy Palmer [cindy@tutoringstem.com](mailto:cindy@tutoringstem.com)

Specialized tutoring for all levels of Math and Science, including AP. Homework help, test prep (including AP exams) and general executive functioning skills (time management, study strategies, organization) 1<sup>st</sup> 30 minute session is free. Our goal is to connect well with each student so that learning becomes more enjoyable and ultimately leads to a sense of renewed confidence not only academically, but emotionally as well

**Hawthorne Learning Solutions-** 360-599-5033 [www.HLSolutions.net](http://www.HLSolutions.net)

Emily and Matt Hawthorne [hlearningsolutions@gmail.com](mailto:hlearningsolutions@gmail.com)

Hawthorne Learning Solutions provides expert tutoring in all content areas, as well as test preparation for the SAT, ACT and AP Tests. We help students implement organization strategies, from using a Day Planner correctly to checking teacher websites for assignments, following Skyward on their own and emailing teachers as part of self advocacy. Founded by former teachers and a public school administrator.

**Chris Trudeau SAT Prep** (360) 421-2730 [TrudeauTest@gmail.com](mailto:TrudeauTest@gmail.com).

We specialize in SAT preparation- coaching students to take the SAT. Our score-raising strategies and extensive materials, including a course text and math review, have been tried, tested and proven to succeed. In addition to regularly scheduled classes, private tutoring is provided at no extra cost for any student who needs or requests one-on-one instruction. Fee: \$475. Scholarships are available! <http://www.trudeautest.org/register-1/>
