

Student Pick Up & Drop Off/ Parking

- Below is a map highlighting our traffic patterns for our new parking lots. The eastern-most entrance off of Bill McDonald Parkway is for **buses only at all times**. The bus loop is not to be used for visitor parking as that can significantly impact the flow of traffic and in turn our ability to transport students in a timely manner.
- For **student pick up and drop off, please use either of the other entrances** off of Bill McDonald Parkway (see yellow highlighted area below). Proceed through the fire lane and go as far up as possible on the lane parallel to the bus loop to accommodate as many cars as possible. Students can then be dropped off or picked up in this area. Please do not have students exit or enter the vehicle while in the fire lane. There will be people out directing traffic and assisting with this process for the first weeks of school.
- All students and staff members need a **parking permit**. They are free and can be acquired with Cathy Moran in our ASB office starting on Wednesday. Parking is on a first-come first-serve basis. Visitors are welcome to park in any open parking spaces. Please be respectful of our handicapped parking spaces and the community members who require access to these spots. Handicap parking spots should not, under any circumstance, be used as short term or visitor parking without proper handicap placards.
- This is a new parking lot and new traffic flow. It will take a few weeks for us to work out all of the kinks. Thank you for your patience. If you have questions or feedback, please do not hesitate to reach out!
