

Tutor Resources 2020-2021

*Although we encourage students to utilize the academic support resources that we offer at our high schools, we recognize that they may desire additional academic assistance from outside our schools. The following list of community tutors is being made available to individuals interested in seeking supplementary academic support in addition to our normal resources. This list is comprised of individuals who have contacted the high school counseling staff to make their services known. The Bellingham School District does **not** endorse these individuals, but the schools simply agree to make available a master list of tutoring resources to interested individuals.*

[Sehome Student Learning Center](#) is FREE! Receive help on all your subjects or just one assignment.

Hawthorne Learning Solutions- (360)599-5033 www.HLSolutions.net

Emma and Matt Hawthorne hlearningsolutions@gmail.com

Hawthorne Learning Solutions provides expert tutoring in all content areas, executive function skill coaching and test preparation for the SAT, ACT and AP Tests. We help students implement organization strategies, from using a Day Planner correctly to checking teacher websites for assignments to following Skyward on their own and emailing teachers as part of self-advocacy. This local company is founded and run by former teachers and a public school administrator.

Chris Trudeau SAT Prep (360) 421-2730 TrudeauTest@gmail.com.

We specialize in SAT preparation- coaching students to take the SAT. Our score-raising strategies and extensive materials, including a course text and math review, have been tried, tested and proven to succeed. Addition to regularly scheduled classes, private tutoring is provided at no extra cost for any student who needs or requests one-on-one instruction.

Fee: \$499. Scholarships are available! <http://www.trudeautest.org/register-1/>

Brent Magnusson:bmagnusson.com

I have previous experience tutoring PreAlgebra, Algebra, PreCalculus, Physics, Computer Programming, and Data Science. I am confident I can tutor virtually any subject, so long as I have some time to prepare beforehand. If you (or your child) is interested in working with me, please fill out the form below.

You can find out more about Brent and request him as a tutor on his website.

Cost: \$25-35/hr
